Flag Adoption Proclamation

Document No: BHF/001/2025
Date: 4 June 2025

Whereas, Bhoomi is envisioned as a *Philosophical Ideal State*, rooted in timeless values of justice, unity, wisdom, and environmental harmony;

And whereas, a national flag serves as the most visible and enduring emblem of a nation's identity, ideals, and sovereignty;

And whereas, the citizens and institutions of Bhoomi shall henceforth unite under one common banner;

Now, therefore, I, Melvin Varghese, Chief Architect of the Bhoomi Federation, do hereby proclaim and declare:

---

1. Adoption of the National Flag

The flag described herein is officially adopted as the **National Flag of the Bhoomi Federation**. This flag shall serve as the visual embodiment of the spirit, values, and direction of the nation.

---

2. Flag Design and Symbolism

The **Bhoomi Federation Flag** is constructed as a **vertical triband** designed with philosophical balance and aesthetic harmony in mind. It is composed of:

- **Left Panel**: A broad field of **Blue** `#0000A0`
  Symbolizes wisdom, the cosmic order, and Bhoomi's philosophical foundation.

- **Central Stripe**: A prominent **White** stripe `#FFFFFF`
  Stands for purity, justice, and the core principles guiding Bhoomi. Its central placement emphasizes unity and clarity in governance.
- **Right Panel**: A broad field of **Green** `#008A45`
  Represents the Earth, life, prosperity, and ecological stewardship central to Bhoomi's vision.

---

3. Proportions and Dimensions

To preserve visual harmony and philosophical symbolism, the flag's proportions are based on the **Golden Ratio ($\phi \approx 1.618$)**:

- **Flag Dimensions**: 618px (Height) x 1000px (Width)
- **Left Panel (Blue)**: 309px wide
- **Central Stripe (White)**: 382px wide
- **Right Panel (Green)**: 309px wide

These proportions ensure the central white band is in harmonious relation to the outer panels, reflecting balance and insight.

---

4. Protocols of Use

- The flag shall be flown at all official institutions, diplomatic venues, and ceremonial occasions of Bhoomi.
- It must always be displayed with dignity, undamaged, and unobscured.
- Citizens and organizations are encouraged to honor the flag as a symbol of unity and thoughtful governance.
- Unauthorized modification, defilement, or misuse is considered a breach of national ethics.

---

5. Storage and Reproduction

- The official flag files shall be archived in the **National Digital Repository of Bhoomi**.
- All reproductions must strictly adhere to the color codes and proportions described above.
- The Office of the Chief Architect will supervise and authorize all national-level reproductions.

---

6. Legal Standing

This Flag Adoption Proclamation enters into immediate effect and becomes a part of the founding documents of the Bhoomi Federation. It shall remain in force until revised by constitutional directive.

In Witness Whereof, I affix my signature of Bhoomi on this Fourth Day of June, Two Thousand and Twenty-Five.

Signed,
Melvin Varghese
Chief Architect
The Bhoomi Federation
